

The Port of Duluth—most westerly point on Lake Superior—each summer is journey's end for thousands of vacationists seeking holiday enjoyment. Large passenger ships, such as the S. S. "Noronic" seen, as she leaves the Duluth Harbor through the entrance canal, spanned by its unique Aerial Lift Bridge, bring hundreds of tourists to the Head-of-the-Lakes on every visit to this port. A cool, invigorating climate, rare scenic beauties and unrivalled recreational facilities make Duluth and northeastern Minnesota one of America's most popular summer playgrounds.
